

Postdoctoral positions 2024

About TUM School of Management:

As part of the renowned Technical University of Munich, the TUM School of Management carries out world-class research and teaching at the interface between management and technology. Established in 2002, we consistently top the rankings of business schools in Germany. TUM School of Management attracts students and researchers from all over the world. Our job is to channel their enthusiasm for innovation and technology into real products by providing them with the management skills they require. We believe that entrepreneurship and social responsibility go hand in hand. These are the values that we pass on to our students.

TUM School of Management is unique in Germany. Our pursuit of excellence has helped us create a truly dynamic, inspirational and international community. We would like you to be a part of it.

Our offer:
