

Student Assistant Position (m/f/d)

At TUM School of Management at our Heilbronn Campus, we continuously improve the use of technology-enhanced learning. Our next challenge is to make hybrid education an excellent experience for our students. Are you up for this challenge?

Prof. Dr. David Wuttke and his team are looking for **two Student Assistants** starting at the earliest date possible. You will take the role of an AI-scout, that is, support us in teaching with artificial intelligence (AI). As a student assistant, you will be part of our vibrant team at our Heilbronn Campus. Working hours are primarily flexible and can be between 20 and 40 hours per month. The position is initially limited to one semester, but the option for extension is given. Longer-term cooperation is desired. Due to the character of hybrid teaching, support in Heilbronn will be required.

We are looking for team players who...

- are currently enrolled,
- are enthusiastic about AI and digitalization of education,
- are willing to acquire new skills and knowledge,
- have strong English skills.

Tasks (among others) include:

- Developing, testing, and monitoring the performance of AI chatbots in supporting students and solving doubts related to course materials, assignments, and administrative processes.
- Using generative AI to create engaging educational content customized for individual learners and to develop immersive learning experiences through innovative formats, including virtual reality (VR) or augmented reality (AR).
- Developing user guides and best practice documentation to support the use of the developed AI solutions for teaching.
- Continuously monitoring and exploring the latest AI trends and tools relevant to education and management studies.

Application

Please send your application (including a short CV, a short motivational letter, and a current transcript of records) via e-mail to Ms. Charlotte Koch at charlotte.koch@tum.de, quoting the subject "AI-scout SCM: Make teaching with AI a success." For further information regarding this job offer please also contact Ms. Koch. The application **deadline** is (midnight on) **Friday, March 8, 2024**. If the position is not filled, we will continue the search.

TUM strives to raise the proportion of women in its workforce and explicitly encourages applications from qualified women. Applications from disabled persons with essentially the same qualifications will be given preference.

Being one of the best management schools in Germany, the TUM School of Management is building a unique bridge between management and technology within an international teaching and learning environment. With our triple accreditation (AMBA, AACSB, and EQUIS), our focus is on high-quality research and education. Our Heilbronn Campus, where this position will be, is shaped by tremendous opportunities and flexibility that foster an international environment.

Data Protection

As part of your application, you provide personal data to the Technical University of Munich (TUM). Please view our privacy policy on collecting and processing personal data in the application process under Art. 13 of the General Data Protection Regulation of the European Union (GDPR) at <https://portal.mytum.de/kompass/datenschutz/Bewerbung>. By submitting your application, you confirm to have read and understood the data protection information provided by TUM.
