Application process chart Master in Management

1. [Assessment procedure Master in Management](#)

1.1. Entrance Requirements

To be eligible to apply for the Master in Management program, applicants must hold a Bachelor's degree (requiring at least 6 semesters of study) or equivalent in Engineering (Mechanical Engineering, Electrical Engineering, Civil Engineering & Surveying, Architecture or equivalent) or Natural Sciences (Natural Sciences, Computer Science, Mathematics, Nutritional Science, Sports Science or other).

If you have a prior degree in Industrial Engineering, you are not eligible to apply for this program. However, you may be eligible to apply for the Master in Management and Technology and/or Consumer Science.

In addition a GMAT Score of at least 640 points is required if you have obtained your first degree (usually a Bachelor's degree) in China, Egypt, India, Pakistan or Bangladesh

If your application fulfills all entrance criteria from 1.1., it will start with the first stage of the assessment procedure.

1.2. Stage 1: Previous academic background + GPA + GMAT (if equals or higher 650 points)

If an application fulfills the entrance requirements, 50 points will be immediately granted for the previous academic background.

Up to 15 points will be given for your overall final bachelor's degree grade. If you apply with a bachelor's degree from a foreign country and / or with a grade of grading system other than the German one, your grade will be converted into the German grading system using the [Bavarian formula by TUM](#) or [Uni-Assist](#). Please refer here for more information:

German Grade	1	1,1	1,2	1,3	1,4	1,5	1,6	1,7	1,8	1,9	2	2,1	2,2	2,3	2,4	2,5 or below
Points	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0

The points from the previous academic background and your final grade or ranking will be combined.

Extra points will be given for a GMAT score according to the table below:

GMAT	≤ 640	650	660	670	680	690	700	≥ 710
Points	0	1	2	3	4	6	8	10

Please note that if you have obtained your first degree (usually a Bachelor's degree) in China, Egypt, India, Pakistan and Bangladesh you must submit a GMAT Score of at least 640 points with your application. Extra points will be granted only with a score equal or higher to 650. If your Bachelor's degree has been obtained in any other country, submitting a GMAT is optional for you. If you decide to submit a GMAT, the extra points will be given according to the same table.

The extra points of the GMAT are considered only on the first stage of the assessment procedure.

Please be sure you give the Technical University of Munich the right to verify it online.

The result of stage 1 either leads to:

- a rejection: if the application only reaches 49 or less
- a direct admission: if the application reaches 62 points or more
- to the evaluation of the essay in stage 2 of the assessment procedure: if the application reaches between 50 and 61 points

Since the essay is a mandatory document for the application, all applicants must upload it on TUMonline, even if they are sure of obtaining admission in stage 1. We expect our applicants to have a high standard of scientific writing, therefore applicants who fail to meet this standard will unfortunately be excluded from the assessment process in case plagiarism is detected in the essay.

1.3. Stage 2: Points from Stage 1 (without GMAT) + Essay

In case the Essay is relevant for the final assessment, it will be evaluated based on the following criteria, the maximum point score for the essay is 40 points:

- Ability of scientific-logical reasoning (max. 20 points)
- Classification of economic-technical facts (max. 10 points)
- English-language expressiveness (max. 10 points)

The final result in stage 2 consists of the combined points from stage 1 (GMAT not being considered in stage 2) and the total points achieved in the evaluation of the Essay. If the combined total is 80 points or more, the application will be accepted (admission), if the total point score is 79 points or less, the application will be rejected.

Please refer to the info sheet “How should I write the essay?” on our [website](#) for more information regarding the essay
