1. **Assessment procedure Master in Management**

1.1. **Entrance Requirements**

To be eligible to apply for the Master in Management program, applicants must hold a Bachelor’s degree (requiring at least 6 semesters of study) or equivalent in Engineering (Mechanical Engineering, Electrical Engineering, Civil Engineering & Surveying, Architecture or equivalent) or Natural Sciences (Natural Sciences, Computer Science, Mathematics, Nutritional Science, Sports Science or other).

If you have a prior degree in Industrial Engineering, you are not eligible to apply for this program. However, you may be eligible to apply for the Master in Management and Technology and/or Consumer Science.

In addition a GMAT Score of at least 640 points is required if you have obtained your first degree (usually a Bachelor’s degree) in China, Egypt, India, Pakistan or Bangladesh. The GMAT Focus edition will also be accepted with a score of at least 585.

If your application fulfills all entrance criteria from 1.1., it will start with the first stage of the assessment procedure.

1.2. **Stage 1: Previous academic background + GPA + GMAT (if equals or higher 650 points)**

If an application fulfills the entrance requirements, 50 points will be immediately granted for the previous academic background.

Up to 15 points will be given for your overall final bachelor’s degree grade. If you apply with a bachelor’s degree from a foreign country and / or with a grade of grading system other than the German one, your grade will be converted into the German grading system using the Bavarian formula by TUM or Uni-Assist. *Percentile Ranking

Please note that if you have obtained your first degree (usually a Bachelor’s degree) in China, Egypt, India, Pakistan and Bangladesh you must submit a GMAT Score of at least 640 points with your application. Extra points will be granted only with a score equal or higher to 650. The GMAT Focus edition will also be accepted with a score of at least 585. For more information please click [here](#). If your Bachelor’s degree has been obtained in any other country, submitting a GMAT is optional for you. If you decide to submit a GMAT, the extra points will be given according to the same table.

The extra points of the GMAT are considered only on the first stage of the assessment procedure.

Please be sure you give the Technical University of Munich the right to verify it online.

The result of stage 1 either leads to:

- a rejection: if the application only reaches 49 or less
- a direct admission: if the application reaches 62 points or more
- to the evaluation of the essay in stage 2 of the assessment procedure: if the application reaches between 50 and 61 points

Since the essay is a mandatory document for the application, all applicants must upload it on TUMonline, even if they are sure of obtaining admission in stage 1. We expect our applicants to have a high standard of scientific writing, therefore applicants who fail to meet this standard will unfortunately be excluded from the assessment process in case plagiarism is detected in the essay.

1.3. Stage 2: Points from Stage 1 (without GMAT) + Essay

In case the Essay is relevant for the final assessment, it will be evaluated based on the following criteria, the maximum point score for the essay is 40 points:

- Ability of scientific-logical reasoning (max. 20 points)
- Classification of economic-technical facts (max. 10 points)
- English-language expressiveness (max. 10 points)

The final result in stage 2 consists of the combined points from stage 1 (GMAT not being considered in stage 2) and the total points achieved in the evaluation of the Essay. If the combined total is 80 points or more, the application will be accepted (admission), if the total point score is 79 points or less, the application will be rejected.

We expect a high standard of scientific work from our applicants. Therefore, applicants who do not meet these standards as in cases of plagiarism or the use of AI (e.g. Chat GPT) evidenced in the essay, will be excluded from the process.

Please refer to the info sheet “How should I write the essay?” on our [website](#) for more information regarding the essay.
2. **How to fill out the Curricular Analysis?**

In accordance with Annexure 2 of the examination and study regulations of the Master’s Program in Management at campus Munich and at campus Heilbronn, the assessment commission uses a curricular analysis to assess your eligibility and aptitude. During your application in TUMonline, you will need to follow a link to fill out the Curricular Analysis.

2.1. **Registration**

Please fill out the registration form. The link to this form will be provided at the very end of your TUM Online application.

![Registration Form]

Please enter your email address and click submit. In short you will receive an e-mail with a code.

![Enter Code]

Enter the 6 digit code you received.
Enter your personal information.

2.2. Entering courses

After registration, please enter all modules/courses, grades, and credits (ECTS) according to the Transcript of Records of your undergraduate studies (Bachelor Degree Program) in German or English. If you have completed additional classes that are not part of your main study program, please list them under the fifth category Subjects from additional transcripts and/or additional degrees and upload the transcript(s) in TUMonline.

List them according to the following subject groups as you see fit and please enter each subject only once!

1. Fundamental subjects in engineering
   Examples: Mechanical engineering, electrical engineering, architecture, civil engineering and surveying

2. Fundamental subjects in natural sciences
   Examples: Chemistry, physics, mathematics, computer science, nutritional sciences, sports science

3. Fundamental subjects in management and economics
   Examples: Finance, marketing, accounting, microeconomics
4. All other subjects

Examples: Law, communication skills, language training, thesis, internships

5. Subjects from additional transcripts and/or additional degrees

All completed additional classes that are not part of your main study program

Please assign all modules/courses that do not fit in one of the above-mentioned subject groups or that you are unsure of to the category no. 4: All other subjects. Please make sure you enter each subject only once.

2.3. Submission

Before sending the form online, please verify if all your entries are correct and complete.

All compulsory and elective modules must be listed and correctly assigned! If on your transcript of records there are, for example, 25 courses with a total of 180 credits, your curricular analysis must have the 25 courses and 180 credits.

Check that the number of credits is the same.
2.4. FAQs about the Curricular Analysis

Can I also list modules from my master studies or previous study programs? Additional modules that are not part of your main study program but are necessary for a successful application or if you additionally studied at another university should be listed in the Curricular Analysis under the fifth category Subjects from additional transcripts and/or additional degrees.

Can I also list modules that I will finish after my application? No, you are only allowed to insert completed courses that are listed in your Transcript of Records.

I did not get a grade for the course, should I list it? Yes, please list all modules of your transcript of records. If you did not get a grade please enter 0.0.

I'm not sure which category my course fits into. What should I do? Please put it into the "all other subjects", if you are not sure.

Should I convert grades into the German grading system and credits into the ECTS system? No, please enter the classes exactly as they appear on your transcript of records. If any conversions are necessary, they will be done by TUM.

Which language should the courses listed be in? Please enter the classes exactly as they appear on your transcript of records (German or English). In case you are applying with a translated copy of a transcript of records, please use the translated title (German or English).

Can I enter non-numerical grades (such as A, B …)? No, the system cannot process non-numerical grades. In this case, please enter 0.0, we will use the information on your transcript for reference. In case your transcript of records contains the numerical equivalence of the letter grades, please enter the numerical grades.

I made a mistake. What should I do? If you have made a mistake, please contact admission@wi.tum.de.

How can I upload a module description? To upload your module descriptions in the Curricular Analysis click on the white cross next to each category.

Where can I find the Application and Applicant numbers? You find the numbers in TUMonline:

1. Click continue in the application until you will come to “preview” (it normally saves the draft)
2. Then go back
3. In “My applications”, you will see both numbers

If with these steps you still cannot find the application number, please enter the applicant number instead.

I’m having problems with the Curricular Analysis, what can I do? If you are facing problems with the Curricular Analysis, please try the following solutions.

- Have all the fields in Personal Information been filled in and saved? These are required fields and if any of them have not been filled in, nothing can be saved.
- Are you using the latest version of Google Chrome, Safari or Mozilla Firefox? The program works best in these browsers. Outdated browser versions may cause difficulties.
- Do you fill in all the information in the modules? It is necessary to fill in all fields here as well.

Please note that this information sheet is not legally binding nor do we guarantee its correctness and completeness! The only legally binding document is the statute (“FPSO”) in its most current version.
