Exam registration/deregistration deadlines, Winter Semester 2023/24

By decision of the examination committees for degrees offered by the school, the registration period for all exams taking place in **Winter Semester 2023/24** is from **November 20, 2023 to January 15, 2024**, unless otherwise stated by the relevant examiner. For exceptions, please refer to TUMonline.

You can **deregister** from exams up to **1 week before the date of the exam** (exception **TUM School of Engineering and Design** and **TUM School of Computation, Information and Technology/Department of Electrical and Computer Engineering** until TWO weeks before exam !).

If you sit the exam without registering for it, your exam result will not be recognized!

Exceptions:

- **TUM School of Management:**

Please note the announcements of your relevant examiner !

- **TUM School of Computation, Information and Technology/Dept. Computer Science**

Please note that there will be a separate period for midterm exams.

- **TUM School of Natural Sciences/Dept. Chemistry**

Exam registration/deregistration periods for **Chemistry** vary depending on the exam in question. For individual deadlines, please refer to **TUMonline**.

Please note: In line with a decision of the examination committee from November 2013, **late registration is no longer possible after January 15, 2024.**

Please check in TUMonline that you are registered for the correct exams by January 15, 2024 at the latest, and also double check whether you are registered for the correct exam location (Campus Munich, Campus Straubing or Campus Heilbronn), if applicable. In the event of problems, please contact examregistration@mgt.tum.de.
