Subject line: application for DTU_1to1_”your name”

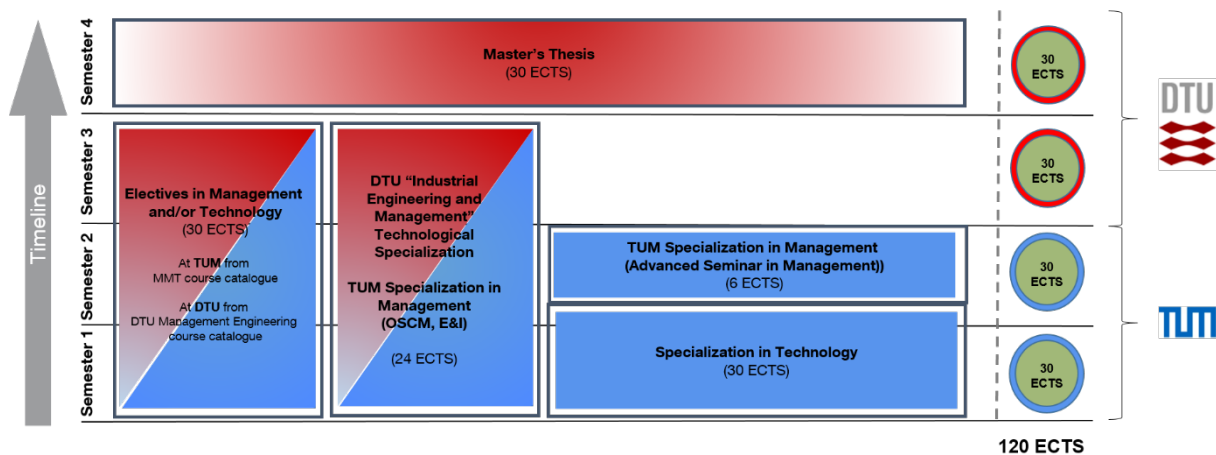

After submitting your documents, you will receive a confirmation via email at the latest on the following working day after the application deadline. It is not possible to submit further documents after the application deadline.

Selection procedures:

1. The pre-selection is made on the basis of the submitted documents.
2. A rejection or an invitation to an interview in January/beginning of February will be sent to the candidates by email

An additional application for the exchange program “TUM SOMex (incl. ERASMUS)” is possible. In the case of successful nomination for the 1:1 M.Sc. Program in Management the application for the “TUM SOMex (incl. Erasmus)” is automatically annulled.

Program structure for “Master in Management & Technology” (MMT):

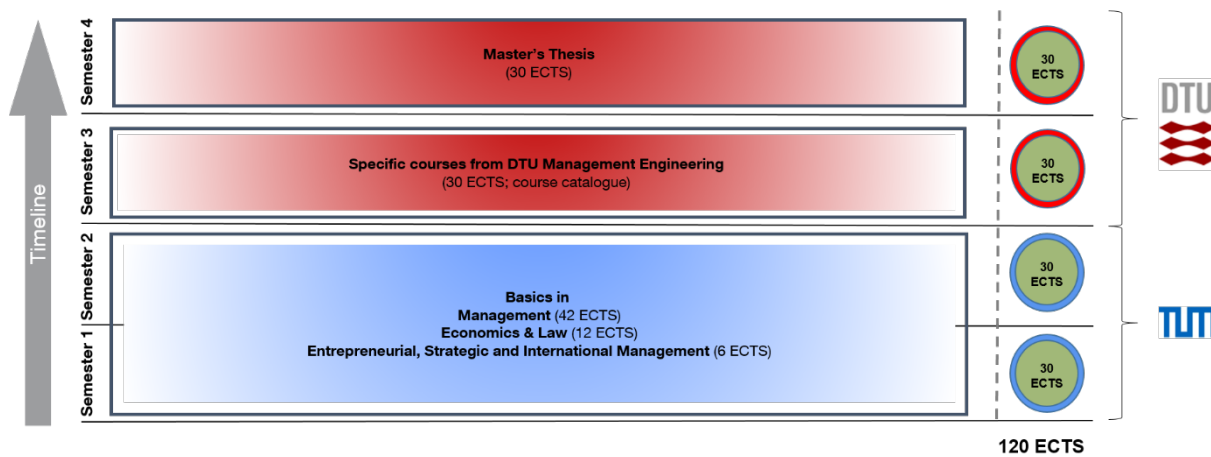

TUM-students of the “Master in Management and Technology” (MMT) with **management specialization** either in **Operations and Supply Chain Management** or in **Innovation and Entrepreneurship** are eligible for the 1:1 TUM-DTU studies. The student will follow an individual study plan, which has to be approved by both program coordinators at TUM and at DTU.

The students will study the first and the second semester at TUM. Students should take the complete “Specialization in Technology” and parts of the “Elective in Management & Technology” and the “Management Specialization (incl. the Advanced Seminar in Management)” courses either in OSCM or I&E in the first year at TUM (60 ECTS). After their first year at TUM students have to accomplish 60 ECTS at DTU (Specialization in Management and/or Electives in Management & Technology (30 ECTS) and Master’s Thesis (30 ECTS)).

The students will study the third and the fourth semester at DTU. Depending on the management specialization, students have to select courses from the categories “Technological Specialization” or “Elective Courses” at the Engineering Management program at DTU either in the field of “Operations & Supply Chain Management” or “Entrepreneurship”.

Master's Thesis (30 ECTS) will be undertaken at DTU in the fourth semester, and co-supervised by a professor from TUM. The Master's Thesis will be recognized by the TUM co-supervisor for the TUM degree.

Program structure for "Master in Management" (MIM):

TUM students of the "Master in Management" (MIM) with **interest** either in **Operations and Supply Chain Management** or in **Innovation and Entrepreneurship** are eligible for the 1:1 TUM-DTU studies. The student will follow an individual study plan, which has to be approved by both program coordinators at TUM and at DTU.

The students will study the first and the second semester at TUM. Students must take the "Basics in Management, Economics & Law", "Entrepreneurial, Strategic and International Management" in the first year at TUM (60 ECTS).

After their first year at TUM, students will have to accomplish 60 ECTS at DTU. The students will study the third and the fourth semester at DTU. Depending on the management specialization, students have to select courses from the categories "Technological Specialization" or "Elective Courses" at the Engineering Management program at DTU either in the field of "Operations & Supply Chain Management" or "Entrepreneurship" (30 ECTS).

Master's Thesis (30 ECTS) will be undertaken at DTU in the fourth semester, and co-supervised by a professor from TUM. The Master's Thesis will be recognized by the TUM co-supervisor for the TUM degree.

FAQs:

Can I also apply for the "TUM SOMex (including Erasmus)"?

Yes, parallel application is possible. Should you receive a nomination for the Double Degree Program, your application for the "[TUM SOMex \(including Erasmus\)](#)" will be automatically annulled.

Where can I take the DAAD Test in English?

Our Language Center offers the DAAD Test in English at regular intervals, free of charge. The dates can be found [here](#).

Can I receive an ERASMUS grant?

If to date, you have not yet received an ERASMUS grant (SMS) in your second circle of study (Master's Program) then after successful nomination you can apply for the ERASMUS grant at the TUM SoM International Office.

When should I apply for the program?

In your 1st semester (winter semester) in the Master's in Management and Technology (MMT) or Master's in Management (MIM).

Is it possible to apply for the program after my 1st semester?

It is only possible for students starting the Master's in the summer semester before the application deadline in the following winter semester. In this case, the application must be submitted in the 2nd study semester. Usually, the program then runs for 2½ years because it is only possible to start the year at DTU in the winter semester.
