### Statistics

Please note: Take into consideration all academic years listed below, in order to see how the nomination rates developed. Most exchange places are assigned via the first preference.

nomination rate* - selection procedure TUM SOMex (incl. ERASMUS)

* Explanatory note: General speaking: The higher the percentage, the more likely it was in the indicated academic year to receive an exchange place at this university.
Example: Queensland University: In 2024/25 25% of the students who selected this university as their first preference, received an exchange place at that university.

as of: June 2024

Questions regarding your individual chances to be selected cannot be answered

- No „minimum grade point average“ per partner university
- Chances depend on number of applications per university and how they compare among each other.

Please note: The statistics cannot look into the future, it just shows the nomination rates of previous academic years.

Engagement for incoming students - MUC

Option 1: Buddy Program

- Support for incoming students – from student to student
- Support in:
  ✓ Apartment hunting and organizational questions
  ✓ Relevant lectures at the faculty / TUM
  ✓ Exam registration
  ✓ Student life at TUM

➡️ Buddies in the current winter term 2024/25: Please upload a pdf document stating that you are currently participating in the TUM School of Management Buddy Program.

➡️ Former buddies: Please upload your participation certificate.

Website: Apply here to become a buddy
https://www.mgt.tum.de/campuses/munich/shaping-the-new-campus-life
Option 2: Accommodation offer

- You can sublet an apartment or room in and surrounding Munich during your own stay abroad to an incoming student of the TUM School of Management in accordance to TUM semester periods

- Conditions of Participation and Accommodation offer must be handed in together with the application and are binding (minimum duration of the sublease)!

- Advantage for TUM students: short and fast application, no additional organizational effort (International Office will be the contact person)

Conditions for participation in the TUM SOM Accommodation Database

Binding for all students who seek to profit from their participation in the accommodation database within the application procedure for the TUM SOMex (incl. ERASMUS+) program

Important Information

By upholding the accommodation offer, together with the application for TUM SOMex (incl. ERASMUS+), a subletting student commits himself/herself to make an accommodation available, which fits to the condition of the sublet (stated below) to one of the incoming exchange students of TUM School of Management. A subletting student hereby agrees that his/her contact details will be forwarded to interested incoming exchange students. In the case that you will not get your first priority (country and/or period abroad) you are still obliged to sublet an accommodation to an incoming exchange student for one semester. You are not obliged to sublet your accommodation if you are not nominated by the TUM or if you are not nominated but decide not to take the offer. The sublet must take place during the academic year that you are abroad (see point 1 of Condition of the sublet).

Refusals of requests of incoming students for the accommodation will only be accepted in case of substantive reasons. If a subletting student receives more than 3 requests from 3 different incoming students, no reason for refusal will be accepted and the student must sublet/their apartment to one of the applicants. If applicants were refused without any substantive reasons or if a subletting student refuses more than 3 requests, the TUM SOM IO reserves the right to withdraw the subletting student from the TUM SOMex (incl. ERASMUS+) program and cancel his/her nomination with our partner university.

Benefit of a participation in the TUM SOM Accommodation Database

A participation in the TUM SOM Accommodation Database counts as social commitment for incoming exchange students and will be acknowledged as a 10% bonus within the application for TUM SOMex (incl. ERASMUS+) at TUM School of Management.

Condition of the sublet

1. Duration of the sublet: The accommodation to be sublet has to be available for the incoming exchange student at the latest during the following periods of time (minimum):
   - For a sublet within the winter term: beginning October – end of February
   - For a sublet within the summer term: beginning April – end of August

2. Rent: In order to guarantee fair prices to students, the rent must not exceed the current prices per square meter according to the "Münchner Mietordnung" (price per square meter at least € 80. A)

Scholarships

Students visiting one of our European partner institutions may receive a scholarship under ERASMUS +

Erasmus+ is the program for education, youth and sports of the European Union. For further information, please visit the website of the European Commission.

- Mobility grant because of additional charges abroad (dependent on destination)

- TUM students can receive the ERASMUS+ grant regardless of their nationality!

- Funding period of a total max. 120 days per semester each study phase (Bachelor, Master, Doctoral) (SMS) and / or internship (SMP)

- Minimum stay: 60 day for studying (SMS)

Moreover, all students might have the possibility to apply for other scholarships themselves
Study abroad within Europe with Erasmus+

Would you like to get to know your European neighbors and expand your professional, linguistic and intercultural skills? With the Erasmus+ program, the TUM enables about 1,600 students per year to spend an unforgettable stay abroad in 32 European countries. Take advantage of the benefits of Erasmus+ and gain valuable study experience abroad.
