# Engagement for incoming exchange students

## Option 2: Accommodation offer

- You can sublet an apartment or room in and surrounding Munich during your own stay abroad to an incoming student of the TUM School of Management in accordance to TUM semester periods
- **Conditions of Participation and Accommodation offer must be handed in together with the application and are binding (minimum duration of the sublease)!**
- Advantage for TUM students: short and fast application, no additional organizational effort (International Office will be the contact person)

**TUM**

**Conditions for participation**  
in the TUM SOM Accommodation Database

Binding for all students who seek to profit from their participation in the accommodation database within the application procedure for the TUM SOMex (incl. ERASMUS+) program

**Important Information**  
By uploading the accommodation offer, together with the application for TUM SOMex (incl. ERASMUS+), a subletting student commits himself/herself to make an accommodation available, which fits to the condition of the sublet (stated below) to one of the incoming exchange students at TUM School of Management. A subletting student hereby agrees that his/her contact details will be forwarded to interested incoming exchange students. In the case that you will not get your first priority (country and/or period abroad) you are still obliged to sublet an accommodation to an incoming exchange student for one semester. You are not obliged to sublet your accommodation if you are not nominated by the TUM or if you are nominated but decide not to take the offer. The sublet must take place during the academic year that you are abroad (see point 1 of Condition of the sublet). Refusals of requests of incoming students for the accommodation will only be accepted in case of substantive reasons. If a subletting student receives more than 3 requests from 3 different incoming students, no reasons for refusal will be accepted and he/she must sublet his/her apartment to one of the applicants. If applicants were refused without any substantive reasons or if a subletting student refuses more than 3 requests, the TUM SOM IO reserves the right to withdraw the subletting student from the TUM SOMex (incl. ERASMUS+) program and cancel his/her nomination with our partner university.

**Benefit of a participation in the TUM SOM Accommodation Database**  
A participation in the TUM SOM Accommodation Database counts as social commitment for incoming exchange students and will be acknowledged as a 10% bonus within the application for TUM SOMex (incl. ERASMUS+) at TUM School of Management.

**Condition of the sublet**  
1. **Duration of the sublet:** The accommodation to be sublet has to be available for the incoming exchange student **at the least** during the following periods of time (**mandatory!**).  
-For a sublet within the **winter term:** beginning October – end of February  
-For a sublet within the **summer term:** beginning April – end of August
