

**Please note:** Take into consideration all academic years listed below, in order to see how the nomination rates developed.  
Most exchange places are assigned via the first preference.

### nomination rate\* - selection procedure TUM SOMex (incl. ERASMUS)

\* Explanatory note: General speaking: The higher the percentage, the more likely it was in the indicated academic year to receive an exchange place at this university.  
Example: Queensland University: In 2020/21 40% of the students who selected this university as their first preference, received an exchange place at that university.

as of: June 2023

academic year		2020/2021			2021/2022			2022/2023			2023/2024
